## McLean House Open Full Time

Appomattox court house was filled to capacity last Friday evening, as civic groups and citizens of this area gathered to urge that the National Park Service proceed to rebuild Old Court House, and do so in the earliest possible stages of the Civil War Centennial years. The local area had been shocked to learn that the Park Service had abandoned plans for rebuilding the Court House, which was the focal point of the Peace here in 1865 ending the War Between the States.

Mr. Ellwood Cox, regional Park Service director, Richmond, was in attendance. Rep. W. M. Abbitt headed the arrangements for the meeting. George, F. Abbitt, Jr., presided.

A large delegation from Lynchburg attended, and resolutions in support of the rebuilding were presented from the major civic groups in the Lynchburg area. Mr. Larry McWane, of the Lynchburg Chamber of Commerce, headed the delegation.

Also present were delegations from Farmville, Pamplin, Evergreen and Amherst.

One direct result of the meeting was the announcement from Washington that the McLean House, the scene of the preliminary meeting of Generals Lee and Grant, will now be opened daily to the visiting public. Previously the McLean House was open on week-ends and during the summer months. The House will be open this Saturday and Sunday, and then after next week open each day throughout the year.

The Appomattox Court House National Historical Park is a major tourist attraction in Virginia, and a major factor in the economy of modern Appomattox. The full restoration of the historic area has long been urged locally, and ots the local belief that the Old Court House itself is vital to any such restoration.

## Club Adds New Members

The Appomattox Garden Club honored the following new members with a covered dish supper Monday night, Feb. 27 in the Elementary school: Mrs. Byron Cole, Mrs. Bobby Phelps, Mrs. Ben Marshall, Mrs. Ira Wilkins, Mrs. James Redding, Mrs. R. L. Montgomery, Mrs. Harry Byrd Stanley, Mrs. Morton Ferguson, Mrs. E. O. Blackwell, and Mrs. A. A. Fratrick.

The program for the evening was a demonstration by Miss Flora Belle Williams on horizontal arrangements. Ribbons were awarded to the following: Mrs. S. R. Lawson, Mrs. George Langran, Mrs. Mildred Richardson; yellow ribbons to Mrs. Ruth Cole, Miss Flora Belle Williams.

## He Is The 'Seeing Eye' of Appomattox County

Mr. L. C. Garrett, better known ... Leonard, has been the Towerman ... Piney Mt, tower in Appomattox ... County for 25 years. During that ... time he has seen many improvements ... the facilities- namely, transportation and communications.

In the earlier years as towerman, Leonard had to rely on a horse for transportation and if that was need... by his father for work on the farm he would walk the four or five miles from his home to the tower. The road has been improved now and he can drive his car to the tower.

Leonard's first telephone system consisted of a line from the tower to C. F. W. O'Brien's home. If after spotting a fire, he could not contact Mr. O'Briens he would walk two miles to the nearest warden and report the fire. Today a modern telephone system covers the entire county. The radio installed in the tower makes it possible for Leonard to quickly contact C. F. W. Smith and other members of the Division. Leonard really knows his county. He is said to have the eyes of a ... and the nose of "SMOKEY".

Mr. David Smith, Appomattox County Fire Warden, tells of an incident while they were riding with Mr. J. J. Hayes, Area Forester. Leonard's ability to locate fires came under question when he described a smoke as someone burning leaves in Mr. Claude Smith's yard. Investigation proved it to be correct. Mr. Hayes merely shook his head for that was some distance from the tower. Just about that time a call from Leonard- "I have spotted smoke in the town of Appomattox which appears to be between the old Bandana Cabin and the Garment Factory. Mr. Hayes looked at David and remarked, "He is getting too good now." They checked and found him correct again. No comment from Mr. Hayes.

Although the weather conditions and the mountains do throw ... occasionally, he does an excellent job. For this we wish to express our sincere appreciation and thanks.

M. in the Elementary School cafeteria in Appomattox.

### IT'S PASTURE SEEDING TIME IN VIRGINIA

What's pasture worth? For those who've forgotten or never knew John F. Shoulders, agronomist at Virginia Polytechnic Institute says an acre of good pasture is worth about 44 bushels of shelled corn or 90 bushels of oats, or 42 bushels of wheat, 2 tons of hay, or 5½ tons of corn silage.

Put that way, it's easy to see, shoulders says, why Virginia farmers should be thinking right now about seeding, or re-seeding, pasture.

## Womans Club Had Program

The Woman's Club of Appomattox held its regular meeting Monday, March 6, at 3:15 P.M. in the Appomattox Elementary School. Hostesses for the meeting were: Mrs. J.M. McAden, Mrs. E. Carroll Smith and Mrs. J. Hannon Wilson.

The program was in charge of the American Home Department, Mrs. L. E. Thomas, chairman. They presented Mrs. Margaret Tanner Franklin, a representative of Miller & Rhoden, Lynchburg, who spoke to the club on Personality and Fashions. In her talk, Mrs. Franklin said that our personality is our inner-self. She said that every woman should capitalize on her femininity and first of all be herself. She also stated that we as women, should be happy in whatever task we have to do. She gave club members tips on colors and styles in clothes for spring and demonstrated different styles in hats, gloves, jewelry, bags and shoes. During the business session Mrs. John E. McLean was voted in as a new member of the club.

## 4-H Club Week Is Observed

This week, March 4 through 11, is being observed throughout the nation as National 4-H Club Week. The following article is contributed by Dan W. Moody, Assistant County Agent.

APPOMATTOX COUNTY
4-H PROGRAM HIGHLIGHTS

The 4-H Program in Appomattox County is carried on in 16 school clubs and 6 community clubs. There are 497 boys and girls enrolled in 976 projects. In the Spring meetings club members are polled to select the most popular project to be taken by all members in school. Wildlife Project, Unit 1, was selected for the 5th, 6th, and 7th grades. The 4th grade members are enrolled in a special 4-H Orientation Project and they also carry the Etomology Unit 1 project. The high school clubs selected Automotive Care and Safety as their in-school project.

The Oakville Community Club is enrolled as a group in the Etomology Project, while Lucky Clover, Hebron, Glenvale and Evergreen 4-H Community Clubs selected the Home Grounds Beautification Project as their club project.

The 4-H Club officers for the 1960-61 club year were trained at a county-wide officer training meeting in October. The Extension agents were assisted in this training session by the following: Mr. T. D. Whit Evans, Executive Vice-President of the Farmers National Bank, working with the 4-H Club Presidents; C. E. Carson, Assistant County Agent in Campbell County, trained the Vice-Presidents; Mr. J. S. Grinels, Ford Motor Company dealer, 4-H Secretary training; Mr. Calvin Robinson, Editor of the Times-Virginian, trained Reporters; and Miss Joanne Stevens, Music Director of Liberty Baptist Church trained 4-H Song Leaders.

The members enrolled in the Wildlife Project have received training and information on the various types of wildlife peculiar to this area. Mr. C. D. Torrence, County Game Warden, met with the Clubs one month and explained the Game Laws. Bird houses and bird feeders have been constructed by many of the club members as a part of this project.

The high school club with their Automotive Care and Safety Project has had such speakers as representatives of the State Police, Trial Justice C. F. P. Crawley, and local insurance representatives.

The Community Clubs have carried out their club projects as a group with demonstrations by individual members and talks by those working in the fields or project work selected.

The Sear's Pig Chain for 1960-61 is being carried on in Appomattox County. This chain is sponsored annually by the Sears-Roebuck Foundation which furnishes the funds for purchase of the boar and gilts placed with the club members. Albert Carter, Raymond Bryant, Ronnie Spiegle, Wayne Wells and Warren Drinkard are carrying this special swine project this year.

The Appomattox Lions Club sponsored a Junior Forestry Contest for 4-H and FFA members. 4-H winners were Kenneth Wilkins, 1st, Gene Chernault, 2nd, and Clem O'Brien, 3rd.
